

Making Products That Improve Homes

HOMAX

History

- **Born of Innovation**

In 1982, Homax was founded by a young entrepreneur who, while doing a home renovation project, recognized that there were no convenient methods for do-it-yourselfers to patch and repair wall texture. The DIY texture gun was designed and patented to solve this problem and Homax evolved out of this single product. In fact, it remains one of our best-selling products today.

- **Hundreds of Products and 30+ Patents Later**

Homax now serves the worldwide DIY industry with the leading brands of the most extensive selection of texture "patch & repair" products available. The entrepreneurial spirit (and the success) continues at Homax, as we continue to pursue only the most innovative and performance-related products.

About us

Homax provides the finest home improvement solutions for contractors and do-it-yourselfers. Our leading brands include Easy Touch Drywall Spray Textures, Rhodes American steel wool, Magic American, Goo Gone, Jasco products, Tile Guard tile care products, Tough As Tile products, and LeadCheck lead test swabs, and many more.

We make over 300 products in a growing array of product categories:

- Interior Drywall Textures
- Wall Patch & Repair
- Paint Accessories
- Surface Prep
- Tile & Flooring
- All Purpose Cleaners & Removers
- Kitchen & Bath
- Odor & Moisture Removal
- Fencing
- Tarps & Tie-Downs

Our key to success is the pursuit of excellence, from product design to customer service.

We provide solutions that make home improvement easy and enjoyable.

Tarp/ Tie-down

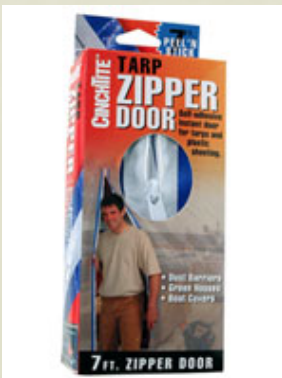

The ultimate locking tarp clip! Makes it easy to tie down tarps, plastic sheeting, tents, and awnings. Slide-lock enables clip to be repositioned and reused.

- Durable nylon construction
- Grips tarps without damaging them
- Extremely powerful locking jaws
- Resists cracking in freezing temperatures

This detachable and versatile tool turns regular soda or water bottles into tethering weights and storage containers. Tether tarps and store items with ease.

- Makes hanging storage containers for: clothes, nails, nuts & bolts, garden seeds, liquids
- Tarp Hooks also make: bird feeders, pet feeders, insect traps, targets, hanging baskets

The Tarp Zipper Door is a self-adhesive instant door for tarps and plastic sheeting. Create an enclosed accessible work area in a matter of minutes.

- Heavy Duty 950 denier poly!
- Works in temperatures -20° to 150°F!
- UV resistant!
- Opens from either side
- 7ft. zipper Door

A few examples of our products

No grommet? No problem! Just attach Grip-Tie anywhere you want a tie down. It holds tarps, plastic sheeting, fabric, car and boat covers, mosquito netting, canopies, drop cloths, table cloths, banners, and more! Requires no puncturing of the material.

- 10 times stronger than a grommet
- Fix torn-out grommets and replace missing grommets
- Tough, rugged, reusable
- Joins tarps together while creating a protective overlap at the same time

The ultimate tie down for rope. A combination of tie-down, pulley, and rope-cleat in one simple device. Tightens and secures tarps, tents, and cargo. Ideal for hoisting kayaks or canoes for overhead storage.

- Tightens ropes on tents, tarps, and cargo!
- Holds ropes securely using no knots!
- Use with any length 1/8" to 3/8" rope!
- 150 lb. capacity

A few examples of our products

Repair tarps quickly and easily or use to join two tarps with this reinforced tarp tape. Unlike the competitors, Tarp Patch has real woven tarp material and adheres in freezing temperatures.

- Superior adhesion, -20°F to 150°F
- Peel and stick simplicity
- Works on tarps, covers, tents, awnings, drop cloths, hay covers, dust walls, shelters - you name it!
- Size: 3" x 6'

Peel and stick non-corrosive, brass grommets.

- Super strong adhesive
- Replaces torn grommets!
- Sticks and it stays - even in subzero temperatures
- For both tarps and poly sheeting
- Double sided = double strength

Peel and stick non-corrosive, brass grommets for tarps, poly, and shrink wraps. Can be applied in seconds.

- Super strong adhesive
- Quick and easy grommet repair
- Sticks and it stays - even in subzero temperatures
- For both tarps and poly
- Use on corners, edges, and center pole locations

Surface Prep

Steel Wool is a staple for many household tasks. Rhodes American Steel Wool is the choice of professionals and do-it-yourselfers for wood finishing projects, as well as for cleaning, polishing and refinishing. Color-coded packaging and grade indicator charts help to quickly identify the proper grade for any project.

No other manufacturer makes it so simple.

- Eight grades - from fine finishing to metal stripping
- High Quality Steel Wool
- Great Tool for Surface Preparation

Our 8 pad steel wool poly-pack delivers just the right amount of product for the project minded do-it-yourselfer. Available in 8 grades: from Extra Coarse for heavy-duty stripping to Super Fine for polishing. There is a grade for every need.

- Color-coded 8 pad bags
- High Quality Steel Wool
- Sized for DIY projects

Bronze Wool is the mariner's choice for stripping, sanding, smoothing, and polishing all types of wood and metal surfaces. Unlike steel wool which leaves behind small fibers that can rust and discolor wood in corrosive marine environments, Bronze Wool resists shedding, rust and corrosion. It is an essential maintenance item for boaters seeking to maintain beautiful wood and brightwork. Rhodes American Bronze Wool is available in premium quality 3-pad packages of fine, medium and coarse grades.

- Marine & Industrial Use
- Won't splinter or rust
- Fine, medium & coarse grades available
- Also available in 5 lb. reels

Kitchen and Bath

The secret to a professional caulk job! The Caulk Finisher scoops away excess caulk and leaves a professionally finished joint. Works with all types of caulk and silicone sealer. Can be trimmed to any bead size.

- Wipes away excess caulk
- Trim to any bead size
- Speeds caulking projects

The Caulk-Rite Caulking Tool smooths caulk into joints and cracks for a thorough seal and it finishes the job with a professional bead. Flexible edge is ideal for all types of surfaces.

- Creates the perfect caulking bead
- Ideal for outdoor caulking applications
- Flexible edge that works well on siding and stucco
- Works with silicone, latex and acrylic caulk

A few examples of our products

The unique, patented Caulk Away Caulk Removal Tool is made of extra hard plastic for durability. It has three sharp, angled blades designed to scrape caulk from the sides, as well as extract caulk from the joint. The Caulk Away tool effectively removes caulk without scratching surfaces or using harsh chemicals. The flexible wing blades are designed to accommodate different sizes and angles of joints, and a rear corner tool on the handle reaches into corners and difficult spots. Effectively removes caulk without scratching surfaces or using harsh chemicals

- 3 blades and a corner tool to extract caulk from joints
- Flexible wing blades are designed to accommodate different sizes and angles of joints

The perfect combination for interior and exterior caulking projects. Includes Caulk-Away - Caulk Removal Tool and Caulk-Rite - Caulking Tool.

- Makes caulk removal & finishing easy
- Great Value Pack

Cleaners and Removers

OOPS! Multi-Purpose Remover is the fast-working paint and project cleanup essential. Removes dried latex paint, tar, ballpoint pen ink, permanent marker, gum, adhesive residue, oil, grease, lipstick and much more. OOPS! can be used on carpet, vinyl, wood paneling, woodwork, furniture, shoes, metal and glass surfaces, Formica® and more. Properly used, OOPS! Multi-Purpose Remover has little or no effect on oil-based paints, varnishes, lacquers and shellacs.

- Original Formula is the Project Cleanup Essential
- Great for Home, Garage, Office and Shop
- Fast Acting and Effective
- Get the Multi-Purpose Remover sized for every need - home, garage and shop. Fast-working paint and project cleanup

Get the tough cleaning ability of OOPS! Multi-Purpose Remover in a convenient aerosol. 11 oz. of easy-to-spray, effective remover that is a sensible addition to our successful OOPS! line of products.

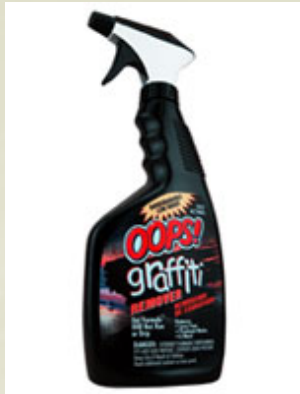

- Great for vertical surfaces
- Sprays directly into corners and tough-to-get-at spots
- Fast Acting and Effective

A handy felt-tip pen that removes ballpoint pen ink, permanent marker, crayon, paint splatters, tape and adhesive residue. Great for kitchen, shop, office, hobby room, kid's rooms and more. Just write over the mark and wipe away. For use on hard surfaces such as laminate, metal, tile, glass, hardwood and vinyl floors.

- Keep handy in a drawer, pocket, or glove compartment
- Easily targets spots, stains and messes
- Convenient size, reusable

A few examples of our products

Graffiti Remover is formulated to remove the toughest of graffiti marks from porous and non-porous surfaces. It works on contact. Just spray on surface and it begins to dissolve stubborn paint and ink marks so they can be wiped away. Containing no Methylene Chloride, Acetone, or MEK, the low-odor formula is an effective solution to graffiti that addresses environmental, regulatory, and safety issues today and in the future.

- Low Odor
- Fast Acting
- For Indoor & Outdoor Use
- No Methylene Chloride

OOPS! Prep-A-Wall cleans, degreases, and conditions walls for painting. No mixing, no rinsing, no fuss. A TSP alternative. Spray it on, wipe it, and paint. It's that easy! Convenient, easy-to-use, low-mess way to clean and condition glossy surfaces. Enhances bond with new paint. Formulated to work on painted, lacquered, or varnished surfaces before painting.

- TSP Alternative
- Cleans & Degreases
- Enhances Paint Bond
- No mixing, no rinsing
- Conditions Glossy Surfaces

New "micro-emulsion" technology makes OOPS! Water-based an environmentally friendly, low-odor formula that is fast acting and effective for painting and project cleanup. Removes dried latex paint, permanent marker, ink, lipstick, crayon, nail polish, grease, adhesive residue and more. Compatible for use on most plastic surfaces. With almost no odor, it is ideal for use in the home and occupied spaces such as offices, hotels and health care facilities.

- Micro-emulsion technology - Fast acting, Water-based formula
- Removes dried latex paint, ink, permanent marker and more!
- More environmentally friendly
- No offensive odor

Paint Accessories

Record paint colors and finishes for every room in your house in one small book. No more digging through old paint cans for guessing. Great for remodeling projects!

- Records paint colors and finishes
- Holds swatches
- Organizes redecorating projects
- Lists several paint-related details for every room

Attach this handy paint Brush Holder to any gallon paint can, keeping your hands free to prep, paint, climb ladders, or to just take a break without worrying about where to put your wet brush. The Brush Holder eliminates common nuisances associated with painting.

- Fits snugly on gallon cans
- Prevents mess - catches drips
- Fits brushes up to 4 inches wide
- Carry can and brush with one hand

The perfectly sized container for painting trim or touching up. Brush rest eliminates the common concern about where to put your wet brush.

- Ergonomically designed
- 4" brush well
- Holds one quart of paint
- Features brush rest and integrated wiping edge
- No more paint filled rims - comfortable to hold

A few examples of our products

Reduce paint waste. Works with gallon and quart cans. Doubles as a easy-to-clean stir stick. Use every drop!

- Reduces paint waste
- Designed for gallon and quart cans
- Made of Polypropylene

Cleans roller covers and bushes. Versatile tool also cleans the rim of paint cans.

- Multi-purpose cleanup tool
- Act as a squeegee on roller covers
- Separates stiff brush bristles
- Tip for cleaning rim

Ideal for painting trim and baseboards. These beveled-edged paint guides allow you to paint without masking. Saving significant time and effort!

- Eliminates masking and scraping
- Easy-to-clean plastic
- 10" and 15" lengths!
- Comfortable grip, use over and over
- Save time, tape less!

A few examples of our products

A paint guide formed at 90 degrees that fits snugly into corners, as well as against trim, door frames, and more. Beveled edge keeps the paint where it needs to be. Corners are particularly difficult to mask, and Corner Paint Guide eliminates that chore.

- Sturdy, comfortable handle helps secure guide in place
- 90 -degree inside corner edge
- Less clean up
- Speeds painting

Mask in half the time with Handy Taper. Tape is always ready at the hip with this hands-free tape holster. Works with traditional masking tape or painter's tape. Ideal for using in conjunction with other taping tools.

- Clips onto belt or pants
- Built-in cutter and adjustable tension
- Durable polypropylene, lightweight construction
- Holds tape up to 2" wide
- For right or left handed

PolyPro Consumer Squirrel Mixers have a solid core galvanized steel shaft and a durable, easy to clean polypropylene mixing cage. Excellent for use with most viscous fluids - use with paint, wall texture, coatings, adhesives, stain, etc.

- Trap and filter out debris
- Thoroughly mix paint in seconds
- Won't chip, flake, or rust
- Will not damage containers

Texture

Our original oil-based spray texture is the fastest and easiest way to patch "orange-peel" and splatter drywall textures. Different size spray patterns can be achieved by using one of the three color coded straws. The ultra-fast drying, premium bodied texture is preferred by both contractors and DIY'ers who seek fast job completion.

- Ultra-fast Drying formula
- Maximum coverage - Up to 100 sq. feet (20 oz. can)
- Patches "Orange Peel" Splatter Textures

The only aerosol texture that truly matches "popcorn" ceiling textures. Our exclusive aerosol contains real polystyrene chips to match commercially applied textures.

- Patches "popcorn" acoustic ceiling textures
- Contains actual polystyrene chips
- Available in medium or coarse grades
- Covers up to 2 sq. ft.

This versatile texture gun is capable of texturing an entire house, yet is also ideal for smaller patch and repair tasks. Lightweight, but impressively durable, it operates on small compressors and has the advantage of being HVLP compatible.

- Sprays a variety of patterns and texture materials
- Homax premixed textures snap directly onto gun
- Air compressor (3/4 hp or larger) and HVLP compatible (80 cfm or larger)

Tile & Flooring

Professional strength, concentrated cleaning power cuts through soil and hard water build-up. The non-acid formula breaks down soap scum and greasy build-up on tile and grout.

- Concentrated cleaner for tile and grout
- 22 oz. trigger spray - #9330
- 32 oz. bottle - #9334

The Tungsten carbide Tile Grout Saw removes stains, replaces cracked tile grout and prepares grout for coating and sealing. The grout saw has a thumb grip handle designed for leverage. The grout saw makes grout removal a snap.

- Extra tough, tungsten, carbide-tipped saw makes removing stained or damaged tile grout easier.
- User-friendly design includes thumb grip handle which requires less stress on hands.

For protection from stains, apply our Floor Sealer & Finish to Terrazo, unglazed tile and stone surfaces. Promotes easy care, seals out dirt and resists yellowing, while creating a tough semi-gloss finish.

- Apply to Terrazo, unglazed tile, & stone
- Seals out dirt and resists yellowing
- Creates a semi-gloss finish
