

The Last Thing You Need To Worry About Is Your Shoelaces.

Lock Laces™ are a patented* “elastic lacing system” that feature specially designed elastic laces combined with a spring activated locking device.

Lock Laces™ are great for running, triathlon, playing sports and casual wear.

Lock Laces™ are also ideal for children, the elderly and the physically challenged. Wear **Lock Laces™** with all styles of running shoes, athletic shoes and casual lace-up shoes for any desired use.

When using **Lock Laces™**, you never have to stop to retie your laces during any race, sport or activity. With **Lock Laces™**, you can simply slip your shoes on and off, no more tying and untying laces or double knots! **Lock Laces™** provide convenience, superior comfort, more flexibility and a better fit compared to cotton or nylon shoelaces.

Yes! With Lock Laces™ you can now play, perform and compete without worry

Here's how to use Lock Laces™

1. Lace shoes up as you would regular shoelaces.

2. Once shoes are laced, press down on the button of the lock and thread each lace through each hole of the lock.

3. Pull the laces through the lock's openings. At the desired fit of the shoe on the foot, release the button to initiate the locking device.

OPTIONAL USE:

OPTION A / For a secure fit (Runners & Athletes) - Go to step 4

OPTION B / For an adjustable fit (Casual Wear) - Go to step 5

4. When you have the desired fit, knot each lace right at the openings of the lock (This keeps the laces in place so the fit of the shoe never changes).

5. Thread the remaining laces through the narrow end of the cord tip.

6. Take both laces and make a loop knot above the cord tip.

7. Using scissors, cut the laces just above the knot. Pull knot into the cord tip.

One Size Fits All

 <p>Black</p>	 <p>White</p>	 <p>Cool Gray</p>
 <p>Blue</p>	 <p>Red</p>	 <p>Navy Blue</p>
 <p>Pink</p>	 <p>Brown</p>	

Lock Laces are 40" inches in length. Because they are elastic, Lock Laces can stretch to 70" inches in length

The Lock Laces™ Advantage

Easy to use and simple to install

Great for running, triathlon and other sports

Ideal for kids, seniors & the physically challenged

Improved fit and superior comfort

No adjusting needed, Lock Laces™ maintains the fit of the shoe on your foot

Elastic laces provide greater flexibility

No more floppy shoelaces, Lock Laces™ look “neat on your feet”

Strong and durable- They won't break

Just slip your shoes on and off, no more laces or double knots to tie

Water-resistant / Excellent for all weather sports

No more untied laces
